

James Gardner

Nakashima Burl

for bassoon and string trio

(2016–17)

Performance Notes

The tempo indications are to be understood as indicating ideal tempi, but may be modified to suit the acoustics of the performing space. Tempo relationships between metrically related sections are, however, to be strictly maintained.

Grace notes are to be played as fast as possible, and are always slurred into the main note unless otherwise specified.

All trills and mordents—to be executed as rapidly as possible—are to the adjacent semitone unless otherwise specified.

Horizontal arrows between modes of playing indicate smooth transitions from one state to another.

Unless otherwise specified, or implied by the verbal ‘character’ instructions a very shallow vibrato, just enough to animate the sound, is assumed.

Microtones : ♯ = a quarter-tone sharp ♯♯ = three quarter-tones sharp ♭ = a quarter-tone flat ♭♭ = three quarter-tones flat

Cello scordatura:

The cello’s fourth string must be lowered in pitch by a whole tone to B♭1 to match the bassoon’s lowest pitch.

The cello and bassoon frequently play the seventh harmonic of B♭1. The bassoonist should find a fingering that matches the seventh harmonic of the cello’s scordatura fourth string, i.e. approximately 31 cents lower than A♭4, indicated by this accidental: ↩

Glissandi, unless otherwise indicated, start immediately, and are even and continuous. Unless otherwise specified, neither ‘departure’ nor ‘destination’ pitch is to be accented.

Glissando lines bearing arrowheads indicate a move from normal left-hand pressure to harmonic pressure (or vice versa) during the glissando.

m.s.p. = molto sul ponticello (i.e. as close to the bridge as practicable)

s.p. = sul ponticello

ord. = normal bowing position

s.t. = sul tasto

m.s.t. = molto sul tasto (i.e. as close to the middle of the sounding string length as practicable)

c.l.b. = col legno battuto

c.l.t. = col legno tratto (wood only; no hair)

½ c.l.t. = ½ col legno tratto (turn the bow so that hair and wood touch the string simultaneously)
a return to normal bowing from either of these techniques is indicated by ‘arco ord.’

Duration: c. 26 minutes
